The company is located in Bloomsburg, Pennsylvania. It currently sells in Pennsylvania, Florida, New York, Ohio and South Carolina. It operates through agents who are independent contractors. The agents sell directly to consumers. In Pennsylvania, a large amount of sales are to American Legion members and their families, through an agreement that is discussed later.

In business since 1997

What it covers

CONTRACT

The contract stays in force as long as there are hours left on the contract. If the client uses all of their contract hours the contract comes to an end. If the client wants to purchase a new contract they must apply and qualify for the new contract the same way they did for the original contract. The cost of the contract is based on a dollar amount for each hour of contract care. If no hours of care are given during the contract year a renewal will be sent to the client with the same hours and 'generally' the same amount per hour.

If a customer uses the entire contract they will not be able to renew until 6 months from the exhaustion of hours and 6 months free of care.

What our customers say

"On February of this year we were visited by Frank Zukerman, a representative of Americare Home Care Services, which is the endorsed agency for the American Legion. He explained to us the benefits available to Wes and me for HomeCare if the need should arise. As of April of this year, Wes was in need of care and the response was immediate. I called for care on a Thursday and as of Monday a caregiver was dispatched to help us with Wesley's daily activities. I would definitely recommend this organization to all Legion Members as they are protected in the future. They have taken a difficult situation and made it very easy for us."
